Re: Fraud upon the courts to discriminate against environmentally-disabled matters.

Dear Director Holdren, Secretary Burwell and Attorney General Lynch,

For ease of reading the references cited in this letter, it may be read online at Katy's Exposure Blog under a post entitled "*American College of Medical Toxicology, Choose Wisely to Sunset your Mold Statement*", short link <http://wp.me/plYPz-3VW>

I am an advocate for integrity in health-marketing as it relates to environmental illnesses and disabilities. I am published in medical journals, frequently give interviews, speak at conferences, have moderated a U.S. Senate Staff briefing, and performed many acts in efforts to cause integrity in environmental science and medicine policies and practices.

Ten years ago I published writing on the Internet explaining how it became a false concept in U.S. public health policies and physician education that it was proven microbial toxins in water damaged buildings (WDB) could never reach a level to harm. The discriminatory, scientific fraud was based on a greatly flawed and widely mass-marketed linear-dose-no-threshold risk model (LNT), the "Veritox Theory".

Penned by an old tobacco scientist, Bruce J. Kelman, and a retiree of CDC NIOSH, Bryan Hardin, it was purposed toward misleading the courts to decide outcomes of toxic torts to deny financial responsibility for causation of WDB-induced disability. Mr. Kelman and Mr. Hardin are two of the six owners of Veritox, Inc. They are prolific toxic tort defense witnesses who have profited handsomely by use of the Veritox Theory.

Today, the problem of the discrimination of the WDB-environmentally- disabled by proliferation of the Veritox Theory has become even more deeply ingrained and pervasive in policies and courts, than it was ten years ago when I first wrote of the fraud.

The devastation to the lives of many caused by the discrimination, manifests in multiple ways. This is because the highly profitable and highly discriminatory, fraudulent Veritox Theory has been aided and abetted to continue by bias and corruption in the California courts. It should have been stopped a decade ago, when I first exposed it as science fraud in my 2005 writing.

This summer, I asked the California Southern District of the U.S. Attorney General's Office to intercede. I asked them to prosecute Justice Judith McConnell, Presiding Justice of the California Fourth District Division One Court of Appeal (4<sup>th</sup>/1<sup>st</sup>), several of her jurist peers in San Diego, two attorneys, Mr. Kelman, the local district attorney Bonnie Dumanis and the local sheriff, William Gore.

The request for prosecution was for the collusive case-fixing of a Strategic Litigation Against Public Participation (SLAPP) and then usage of retaliatory criminal means to cover up the case fixing – to aid the Veritox Theory to play on while harming thousands.

Attached hereto collectively as EXHIBIT A, is the local USDOJ office's August 7, 2015 refusal to prosecute, and a letter mailed today requesting that Justice McConnell recall and rescind fraudulent remittiturs to undo the continuing damage to the public from her case-fixing.

She has the ability to lawfully correct the damage caused by falsification of material court documents in SLAPP, of her own accord. I have motioned numerous times for the fraud upon her court and resultant damage to be corrected. Each time, Justice McConnell has refused to do so but gives no justification as to why. The direct evidence establishes that she knows it is fraud. Under California law:

*"a remittitur may be recalled on the reviewing court's own motion, on motion or petition after notice supported by affidavits, or on stipulation setting forth the facts which will justify the granting of the order is now determined by rule. (Rule 25(d), Rules on Appeal; 36 Cal.2d at p. 22.)... Other than for the correction of clerical errors, the recall may be ordered on the ground of fraud, mistake or inadvertence."* <http://scocal.stanford.edu/opinion/southwestern-inv-corp-v-city-l-25899>

As such, my civil rights to advocate for the environmentally disabled have been and continue to be egregiously violated by California court officers and their clerks, who have falsified many material court documents in SLAPP. As a result of my rights being violated, the discrimination of the environmentally disabled continues throughout the United States.

Chapter 126, Title 42 of the U.S. Code, the "Technical Assistance Manual for the ADA explains it: III-3.6000 Retaliation or coercion. Individuals who exercise their rights under the ADA, or assist others in exercising their rights, are protected from retaliation. Title V includes an anti-retaliation or coercion provision. The "Americans with Disabilities Act: ADA Title III Technical Assistance Manual -- Covering Public Accommodations and Commercial Facilities", USDOJ, Civil Rights Div.\* states in pertinent part:

*"Retaliation or coercion. Individuals who exercise their rights under the ADA, or assist others in exercising their rights, are protected from retaliation. The prohibition against retaliation or coercion applies broadly to any individual or entity that seeks to prevent an individual from exercising his or her rights or to retaliate against him or her for having exercised those rights ... Any form of retaliation or coercion, including threats, intimidation, or interference, is prohibited if it is intended to interfere. (Id. at III-3.6000)"* \* <http://www.ada.gov/taman3.html>

For my efforts to stop discrimination of lives that matter, my life has certainly been no walk in the park for the past ten years. For now a decade under the color of law in the San Diego superior and appellate courts, I have been systematically character assassinated, driven into poverty, had my career ruined by falsely being deemed someone who lies, jailed, bodily harmed, cyberstalked, been given a false criminal FBI record, have tens of thousands of dollars of false liens recorded against my property, and am permanently enjoined by a court with no subject matter jurisdiction to never republish a sentence I never published in the first place.

This is all to make me appear to be a liar and a lunatic for exposing how a massive fraud, the Veritox Theory, was mass-marketed to discriminate against the WDB environmentally disabled, and how it has been covered-up by corruption among leading judicial officers in the California courts.

Attached hereto as Exhibit B is a letter to the American College of Medical Toxicology (ACMT) requesting they stop promoting the scientific fraud of the Veritox Theory, as evidence based medicine. This federally-funded "nonprofit" medical association is unlikely to cease marketing the scientific fraud. Some of their leading members are generating income from it when serving as expert defense witnesses in toxic torts.

Mr. Kelman has been an expert witness for the USDOJ in mold litigation, multiple times. The Veritox Theory has been used multiple times to defeat federal liability for WDB-induced disabilities. (See Exhibit B, pages 42-43) As such, Mr. Kelman appears to be "*to big to jail*" for committing crimes, including submission of false documents to the courts under penalty of perjury, when a plaintiff in California SLAPP.

Until Justice McConnell Presiding Justice of the California 4th/1st grows a conscience (or someone makes her grow one) and she recalls three fraudulent remittiturs from the SLAPP suits brought by Mr. Kelman and Veritox, Inc.; then Mr. Kelman and the ilks of Veritox, Inc. will continue to generate income by being merchants of death. They will continue selling the false concept that it is proven WDB disabilities are only figments of people's imaginations and that I am a liar for saying the courts fixed SLAPP suits to aid them to continue.

As a result of Mr. Kelman's toxic clout being aided to trump law, broken bodies and broken lives will continue to pile up in the wake of Mr. Kelman, and Justice McConnell, et. al., not being held accountable for criminal acts when case-fixing SLAPP suits.

Disabled lives matter. So does stopping fraud upon the court in discrimination of lives and stopping federally funded discriminatory fraud as a matter of policy/physician miseducation.

Please prosecute Justice Judith McConnell, Mr. Kelman, et.al. for case fixing SLAPP and covering it up by retaliatory criminal means to defraud the public –coram non judice. Greater detail of the systematic means by which the SLAPP cases were fixed and covered up as fixed, may be read in Exhibit B, pages 22 – 35.

Please encourage the federally funded ACMT to cease mass-marketing the Veritox Theory. The USDOJ's , other federal agencies' and their private-sector partners' roles in fueling and financially benefiting from the Veritox Theory in discrimination of the environmentally disabled are discussed throughout Exhibit B.

On behalf of the American public, I thank you for your attention to these matters to keep integrity in health policy and integrity in the courts. I look forward to a reply of when the USDOJ will begin its investigation of the California case-fixing to defraud the American public in discrimination of the environmentally-disabled. It is a multi-billion dollar fraud that has been allowed and aided to continue for far too long, as lives continue to be devastated.

Sincerely,

Re: Allegations against San Diego Sheriff's Department

Dear Ms. Kramer:

This is in response to your allegations regarding the San Diego Sheriff's Department and various other entities relating to litigation that you are a party to. We have considered your allegations under the Americans with Disabilities Act of 1990 (ADA), 42 U.S.C. §§ 12181-89. The Department has decided to take no further action under the ADA with respect to your allegations. Our decision does not indicate whether or not we believe there has been a violation in this instance. Nor does our decision affect your right, if any, to file a private action in Federal district court.

We understand that you have also contacted the Federal Bureau of Investigation regarding criminal allegations.

Very truly yours,

LAURA E. DUFFY  
United States Attorney

There currently is no litigation to which I am a party.  
The courts threatened me that if I filed again for  
justice me Connell to recall remittitur and vacate  
void judgment, the court officers would deem me  
a vexatious litigant, *ex parte* non-judice, by motion of  
Mr. Scheure-Kelman's attorney. (Exh B, Pg 35)

Symphony Towers

Justice McConnell,

RE: Recall and rescind the three remittiturs from the SLAPP suits you fixed to frame me for libel and cause the judgments to be vacated/fraudulent liens on my property removed.

Attached is a letter to the American College of Medical Toxicology (ACMT) requesting that they sunset their mold position statement – that relies on a scientific fraud you have aided and abetted to continue by case-fixing from your bench. (2006-2013).

Within the letter I go into great detail of just how hypocritically corrupt the 4<sup>th</sup>/1<sup>st</sup> judicial officers are, especially you. I discuss the ten years of discrimination of the environmentally disabled you have caused, nationwide. by your criminal acts under the color of law.

You took an oath of office to protect the public and the Constitution from enemies both foreign and domestic. Yet, with strokes of your twisted pen while trying to make me appear a liar for exposing a massive fraud that harms thousands -- you have physically harmed, disabled and killed more Americans than ISIS could ever hope to in their wildest dreams.

You have the ability to make it stop by recalling the fraudulent remittiturs from the fixed SLAPP suits *Kelman & GlobalTox v. Kramer* (2005-2013) and *Kelman v. Kramer* (2010-2013) of your own accord.

*"a remittitur may be recalled on the reviewing court's own motion, on motion or petition after notice supported by affidavits, or on stipulation setting forth the facts which will justify the granting of the order is now determined by rule. (Rule 25(d), Rules on Appeal; 36 Cal.2d at p. 22.)... Other than for the correction of clerical errors, the recall may be ordered on the ground of fraud, mistake or inadvertence."*

Please don't act like Bill Cosby and pretend you have not committed crimes until someone makes you acknowledge it. The body count is still piling up from your fraud upon the court. Please recall and rescind the remittiturs of your own accord.

Thank you,

Mrs. Sharon Noonan Kramer

PROPOSED JUDGMENT

00001007

3 oath statements on the witness stand" while he testified as a  
4 witness in an Oregon lawsuit; that Kramer made the above  
5 statement to persons other than Kelman; that the persons to  
6 whom the statement was made reasonably understood that the  
7 statement was about Bruce Kelman; that persons who read the  
8 statement reasonably could have understood it to mean that  
9 Kelman had committed the crime of perjury or testified  
10 falsely while on the witness stand; that the statement was  
11 false; that Kelman proved, by clear and convincing evidence,  
12 that Kramer knew the statement was false, or had serious  
13 doubts about the truth of the statement; and that Kelman be  
14 awarded a monetary sum of nominal damages in the amount of  
15 \$1.00 (one dollar and no cents).
