Re: Your complaints against the California Judiciary

Dear Mrs. Kramer:

This responds to your fax to the U.S. Department of Justice (the Department) dated November 21, 2016. In your correspondence, you request a review and investigation of your prior complaint to us.

As indicated in our prior correspondence to you, the Department has reviewed your original complaint and previous pieces of additional information and has determined that the Department should take no further action. We have again reviewed our prior decision, along with the additional information you sent us on November 21, and we have determined that it was appropriate. We therefore will not take further action on this matter. As we have already informed you, the Department, in enforcing the Americans with Disabilities Act, represents the interests of the United States, rather than of individual complainants.

For the reasons stated above, the Department will take no further action in your complaint against the California Judiciary. Additional contact about this issue will serve no further purpose.

Sincerely,

Rebecca B. Bond  
Chief  
Disability Rights Section
