Subject: Fw: CDC's Toxic Error & Demand for Apology for Secretary Becerra's "Harmless Error" Quips

Dear Mr. Bagenstos and Ms. Austin,

I [My] apologies for a second email. I made an error. The email should have said "I would like the apology in writing no later than noon on January 20, 2025 [not 2017]. Vice President Harris should be notified of this matter, too."

Subject: CDC's Toxic Error & Demand for Apology for Secretary Becerra's "Harmless Error" Quips

January 17, 2025

Dear Mr. Bagenstos and Ms. Austin,

As promised, I made a public announcement about the quiet erasure from CDC's website of their erred statements claiming there is "no proof mold causes memory loss" and "there is no blood test for mold".

The announcement is on KatysExposure.com The short link is: <https://wp.me/plYPz-5yU>

The post is titled:

Health Alert! CDC Takes Down Webpage Claiming "Mold Not Proven to Causes Memory Loss" PUBLIC HEALTH ALERT! CDC Quietly Erased Its Webpage Claiming "Mold Not Proven to Causes Memory Loss". (The Soundbites are Still Used to Swindle Families Crippled by Toxic Mold in Military Housing) by Sharon Noonan Kramer, BBA Marketing; Advocate, Integrity in HHS Health Marketing

Additionally, this email serves as my demand that Secretary Becerra apologize to me for making "harmless error" jokes about the case fixing of the California strategic litigation against public participation (SLAPP) matters Bruce J. Kelman & GlobalTox, Inc. v. Sharon Kramer and Bruce J. Kelman v. Sharon Kramer.

I would like the apology in writing no later than noon on January 20, 2017. Vice President Harris should be notified of this matter, too.

The public announcement on Katy's details how their failures to prosecute for judicial SLAPP fixing caused them to become overseers of the fruits of the SLAPP from the White House Cabinet.

It is my intent to cause them to cause their successor, California Attorney General Rob Bonta, to cause the prosecutions that they failed to cause. The prosecutions are needed to bring an end to the Racket that has been anchored at HHS for over twenty years via allowing medico-legal expert defense witnesses in mold litigations to set the standards of care for disabilities caused by Toxic Mold in water damaged buildings.

Please forward this email to both of them so they are not blindsided by the public announcement and Secretary Becerra can promptly email his apology to me.

Thank you,  
Mrs. Sharon Noonan Kramer
